CANYON PASS OPENS NEW PHASE

TUCSON, Arizona – Canyon Pass at Dove Mountain will be offering 31 select home sites averaging just over 2 acres starting December 10, 2006.

Canyon Pass is truly an expansive canyon, rising high above the renowned Gallery North Course, with sheer mountain walls securing its perimeter. Home sites are large with natural separations of rugged rock outcroppings, towering saguaro and ravines expanding their impressive size.

The long views seem to go on forever. Nearly 75 percent of the over 2,000 acre Canyon Pass expanse will remain undisturbed forever assuring each resident rare privacy. Custom home sites in Canyon Pass are currently available starting in the \$400,000s.

To date, Canyon Pass has opened 271 custom home sites with 263 already sold.

Dove Mountain is a 6,200 acre golf resort community located in the Tortolita Mountains just north of Tucson. The Gallery at Dove Mountain is the new home of the WGC-Accenture Match Play Championship, which will be played on The Gallery South Course February 19-25, 2007.

Please call 520-572-8000 for more information.
